DECEMBER, 1979

## FIRST RIDLEY FUND WEEK END

The Ridley Fund Week End — Mr. S. MacDonald Irwin (46), Chairman of the Board of Governors, addresses the Saturday morning meeting. On his left is George M. Hendrie (49), Chairman of the Financial Support Committee. Crawford Gordon (56), Vice Chairman of the Committee and George M. Irwin (69), Association Alumni representative are on the right.

Ninety out of the just over two hundred volunteer workers attended the Friday evening and Saturday morning sessions on 14 and 15 September. Included were Peter Mandeville from Hackettstown, N.J. and Sam Anderson from Andover, Mass., who came the furthest distance.

The purpose of the Week End was to explain this exciting new programme of Annual Giving in detail. In addition George M. Hendrie, Chairman, and Crawford Gordon, Vice Chairman and their committee wished to receive comments and suggestions from the volunteer workers.

All the Alumni Class Agents and Associates had received their first mailing and they had been asked to do their work on the mailing and bring it back to the Foundation office for mailing to the Alumni. Virtually all those who attended did bring back their mailing which greatly speeded up this phase of the programme.

The Headmaster and Mrs. Mary Bradley entertained the group at their home prior to a very pleasant dinner in the Great Hall. The Headmaster spoke to the gathering on the needs of the School and the tremendous importance that Annual Giving is becoming to Ridley now that its total has passed the \$100,000.00 mark. This year the target is \$125,000.00.

On Saturday morning many of those attending the Week End joined the students at morning Chapel prior to the beginning of the Saturday morning business sessions.

An early highlight Saturday morning was a speech by Mr.

S. M. Irwin, Chairman of the Board. Mac gave a brief review of the history of the Foundation and Annual Giving. He emphasized the need for Annual Giving by informing The Ridley Fund volunteers that although the School is now in sound financial shape, it needs about \$300,000.00 currently over and above student fees. These funds maintain the \$7,000,000 physical plant, support the scholarship and bursary programme that is of such great value and provide many other needs that would otherwise be unavailable. This \$300,000.00 is supplied by interest from the endowment funds in the Foundation and by Annual Giving.

Following the speech by the Chairman of the Board the general session of the Week End explained The Ridley Fund in detail and the schedule that is to be followed. The session then broke into 5 year Alumni groups chaired by the Group Captains and the Current Parents who gathered together under their Chairman, Mr. Chris Lloyd.

The morning ended with a wrap-up session where ideas suggested by the volunteers were discussed. A number of their ideas have been taken under advisement by The Ridley Fund Steering Committee.

The final item on the agenda was obtaining pledges from the volunteers as their contribution to The Ridley Fund this year. The pledges totalled \$8,325.00 — a good start for the campaign.

It is hoped The Ridley Fund Week End will continue with an interesting and changing format each year.

# Ridley Today

*This is the fourth and final article in this series by the Headmaster which attempts to portray the realities of Ridley in the late 1970's.*

## THE WIDE RANGE OF ACTIVITIES

The process began in the 1960's, and it began with sports. During that decade, the School started consciously to turn away from the pre-eminence of certain traditional sports, and to expand sporting opportunities in response to a demand for greater diversity. The Winter Term already possessed a fairly diverse programme, with Hockey, Basketball, Squash, Swimming and Gymnastics. But Soccer and Harriers were introduced in the Fall, as alternatives to Football; and Tennis, Rugby, and (most spectacularly) Rowing developed as alternatives to Cricket in the Spring. For a long time, there was a concept of major and minor sports, whereby the prestige of the giants was preserved, while the growth of the newer sports was nurtured. By the end of the 1970's the opportunities for following athletic skills suited to different talents have become almost bewilderingly plentiful. Other sports have been added, such as Badminton, Cross Country Skiing, Curling and Volleyball, so that a student now contemplates seventeen different sports during the year, from which he must participate in three and is likely to participate in four or five. The competitive quality of such teams as the Soccer, Basketball and Rowing have equalled, if not bettered, the quality of the traditional sports. The great benefits conferred by this process lie in the wider recognition of different talents, the greater opportunities for individuals to play for School teams (sometimes as many as two hundred on a busy Saturday) and the inculcation in this generation of athletic skills which may be a part of their later activities for the rest of their lives. Few of these new sports command the glamour of a major Football or Hockey contest against one of our traditional rivals; but they most certainly have recognition and respect. Something has been lost (as when the Olympian gods displaced the Titan gods). But it is our firm conviction that far more individuals profit from the wider opportunities that are now available. A completely new dimension has been added by the gradual and steady evolution of the Girls' Athletic Programme: by no means an activity of secondary importance, in the eyes of the School.

Another major development, in both the Upper and Lower Schools, of recent years, has been the advancement of the Arts. Both Music and Art are now offered as Ontario Credit Courses, from Grade 9 through to Grade 13. This means that they have been firmly incorporated into the academic curriculum of the School and have an equality of prestige with the more conventional academic subjects. Both departments have been renovated and expanded. The creation of the McLaughlin Building enabled us to incorporate an entirely new Art Department in the Upper School; and a recent change of location in the Lower School has afforded Art a more spacious and versatile area. The Music Department has recently acquired splendid new quarters by a skillful adaptation of the Assembly Hall in the Upper School, into a Performing Arts Centre. It has also acquired a Music Room in the Lower School, in addition to the practice rooms that have been in existence for some time. We have taken certain conscious steps to affirm the importance of the Arts in the life of Ridley. There is a continually changing display of art work, including student art, around the walls of the School. We also bring to the notice of the School the developing skills of the instrumentalists, by occasional performances in the Chapel and by a busy programme of Music throughout the year. Over a quarter of the students are currently learning an instrument; and a large number take part in the choral work of the School, either through the Chapel Choir or the Ridley Singers. Once a year, Music and Drama combine for a full-scale production of a musical. In addition, there are a number of other opportunities when those who are interested in the theatre can take part in full-length or one-act plays. It has been exhilarating to watch the steady progress of the Arts, under some extremely

positive leadership. Really, the only remaining constraint is that of time: the enemy that a busy school can never quite vanquish.

Ridley possesses one of the oldest Cadet Corps in the country. Many of these withered away through lack of support during the years between 1965 and 1975. But it has been gratifying to witness the continuing vitality of the Cadets, and most particularly the high priority given to it each year by the student leadership. The Cadet Programme has been enhanced by its association with the Duke of Edinburgh Award Scheme. The Annual Cadet Parade asserts the tradition and ritual of the School's patriotic allegiance. But during the year, a diverse programme is offered which aims more at positive citizenship than at the martial skills. In this programme, a student can learn First Aid, Survival, Radio Communication, Lifesaving, Driver Training, Map and Compass Skills, Scuba Diving and a whole range of leisure pursuits. It is possible to learn how to fly an airplane or ride a horse. An enthusiastic student, over a period of three or four years, can acquire a tremendous array of skills and qualifications, and he can pursue his areas of particular interest to a high level of proficiency. Much of this goes unnoticed, as the busy weeks of the school year unfold. But at the Cadet Parade and on Prize Day, it is one of the most gratifying things to reflect upon the breadth and scope of people's achievements.

The Headmaster

Perhaps the most ambitious innovation is an event which takes place in the Upper School in November. This is known as The Fourth Dimension. During a four-day period, the School scatters, to achieve different objectives at different grade levels. The whole of Grade 10 is taken to Ottawa, as a part of their Canadian History course. Grade 11 goes to Camp Kandalore near Minden, to acquire basic wilderness skills. Members of Grade 12 can choose between a wide range of activities which

include a Creative Writing Course with a visiting Canadian novelist and poet, Art and Music courses, a group dynamics course, a Coaching and Refereeing course, and a course in Basic Military Skills. A group of fifteen students, drawn from the senior grades, flies to the Arctic to spend a week in an Eskimo community and brings back to Ridley fifteen Eskimo students for a reciprocal week of exploration of Southern Ontario. Geographers in Grade 13 go to Timmins and Sudbury as a part of their course. The remainder of Grade 13 plan their own timetable of one-day visits to universities. By concentrating these events into the same short period, we have managed to minimize the disruption that worthwhile expeditions always produce. The novelty and change occasioned by such a programme is refreshing and exciting to the School.

Throughout the year, the Lower School encourages a range of hobbies and activities, which rise and fall according to fashion among the students. There is also a programme of expeditions and visits, which goes on throughout the year. In particular, Lower School students are introduced to live theatre and concerts. They are also encouraged to join the groups that go

skiing on Sundays, generally in the area south of Buffalo. But necessarily, the range of opportunities has to be more limited in the Lower School, because of the need to establish routine and organization among younger students from widely differing educational preparation.

It is our belief that a school is the richer for being a busy, perhaps even hectic, place. There are dangers of course. Some students become over-committed and need guidance in establishing their priorities. Activities clash. People cannot always get into their activities of first choice. But Ridley is able to offer opportunities for expression and fulfillment, in so many different ways, that the vast majority of students can point to some area of achievement, which emphasizes their individuality and builds their self-esteem. It is still romantic to be a distinguished athlete, and impressive to be a fine academic. But the recognition of other areas of human achievement and endeavour has been a conscious part of our policies, in both parts of the School, over recent years.

Richard A. Bradley

## Rowing 1979

The Ridley Heavy Eight Crew receiving their medals following their victory in the Princess Elizabeth Challenge Cup. Coxy — Brian R. McMahon; bow — Mark Wilson, James E. Haas, Brooke H. Powell, Christopher Lloyd,

Timothy C. Bristow, Michael F. Wodchis, David J. Fitzpatrick and Captain of rowing and stroke — Christopher P. Ferguson.

The '79 Rowing season went into full swing in April after a long and hard land training session during the Fall and Winter months. The large turnout in the Fall had been narrowed down to only 3 boats.

The Novice Heavy Eight was coached by a new and enthusiastic coach, Mr. Bruno Gherbetti (ex-Italian National Team). The crew was, Bow — Guy Lancaster, Dan Taylor, Dave Reid, Newell Kraik, Peter Newell, Terry Powell, Rob McMillan, Stroke — Mike Wilson, Cox — Simon Kelly and (cox-four coxie Martin Hyde).

The Novice Heavies won: City Sprints, Peterborough High School regatta and placed second in the Mother's Day regatta, Ontario Rowing Championships and Canadian High School Championships.

Mr. Nick Holmes coached the Senior Lightweight 155 lb eight. This crew never lost a race in North American regattas. They have only lost one in the past 3 years. The crew boated: Bow

— Ross Querenguesser, Dan Rodgers, Tony Robinson, Lauri Veijalainen, Terry Minc, Don McDonald, Bob Macdonald, Stroke — Phil Macdonald, Cox — Malcolm Ainslie.

The Lightweights won this year: Head of the Dick Memorial Regatta, City Sprints, Mother's Day Regatta, Ontario High School Championship, Canadian High School Championship, Welland Rose Festival Regatta.

The Heavy Eight, coached by Mr. Neil Campbell was very pleased with this year's results. Except for the Stotesbury Regatta, the Eight was undefeated.

The Heavy was boated, Bow — Mark Wilson, Jim Haas, Brooke Powell, Chris Lloyd, Tim Bristow, Mike Wodchis, Dave Fitzpatrick, Stroke and Captain of Rowing — Chris Ferguson, Cox — Brian McMahon.

The Eights victories were: The City Sprints, Mother's Day Regatta, Ontario High School Championship, American High School Championship, Canadian High School Championship.

## ROWING OVERSEAS

Overseas this year, the results were as follows: At Nottingham, Coach Nick Holmes and his Lightweights were sixth in the final of the Senior 'A' II classification and second in a superb race with Dublin University in the Senior 'B' (under 23) classification. At Henley, over the 1 mile, 550 yd course, they were beaten by one boat length by Durham University in the first draw of the Ladies Plate Challenge competition.

It is ironic that this crew (1979) should go down to defeat in their last three races in England after having lost one race in 3 years of competitive rowing in Canada and the U.S.A.

Our congratulations to their coach, Mr. Nick Holmes and the boys for displaying such spirit, spunk and sportsmanship against unbelievable odds in international competition. Pound for pound we cannot remember a better Lightweight crew that has represented Ridley over the years.

The Senior Heavies, also rowing their third year together, except for one oarsman, picked up where they had left off in 1977 at Nottingham; they won the Gelsthorpe Trophy in the Senior 'B' in their first regatta Saturday and then topped that by winning the National Westminster Trophy on Sunday in the Senior 'A' II division.

At the Royal Henley Regatta, Coach Neil Campbell's crew won the Princess Elizabeth Challenge Cup over Eton College on the final day and thereby made it our fifth triumph in this competition.

The straight pair of Guy Lancaster (bow) and Michael Wilson (stroke) as novice oarsmen and one back-up pair for the Lightweights, had fabulous experiences at both Nottingham and the Royal Henley regattas.

At Nottingham they qualified in their heats to race in their respective finals and performed extremely well. At Henley they reached the semi-finals before being eliminated in the "spare-pairs" race.

The boys wish to thank the School for their moral and vocal support since the Early Bird Regatta; the Ridley Staff for their support and patience and to the many unsung heroes of this sport — the Parents! There were 51 supporters in all who made the trip to the Royal Henley Regatta this year, either as Parents, Brothers, Sisters or Alumni. We thank you all.

Five of the senior Heavies who are of youth age, represented Canada at the World Youth Rowing Championships in Moscow. They were Mark Wilson, Chris Lloyd, Tim Bristow, Mike Wodchis and Brian McMahon. Their crew came ninth in the overall standings.

R. Brian McMahon.

## Upper School

### Parent Days

In recent years, with increasing enrolment at the School the Parent Days have tended to involve very long periods of waiting, followed by very short interviews with teachers. By increasing the number of Parent Days this year, we are trying to correct this situation.

We are also making a positive effort to help Parents become acquainted with the Parents of the friends of their son or daughter.

The Year 5 day was in October and involves a presentation on University application procedures and decisions. The Years 3 and 4 Parent Days are in January, after the Parents have seen the report of the first term's work and the December examinations. The Year 2 Parent Day was in November, following the mid-term report and provided the opportunity for the Parents to find out how their son is fitting into the Upper School.

## U.K. Branch

### Branch Meeting

On 8th July, members of the UK branch met at Michael Colston's home near Henley to celebrate Ridley's rowing success. 9 UK members attended with wives and friends, together with 4 from Canada including Terry Cronyn and David Wilson, who gave a review of Ridley present and future.

## SPORTS RIDLEY

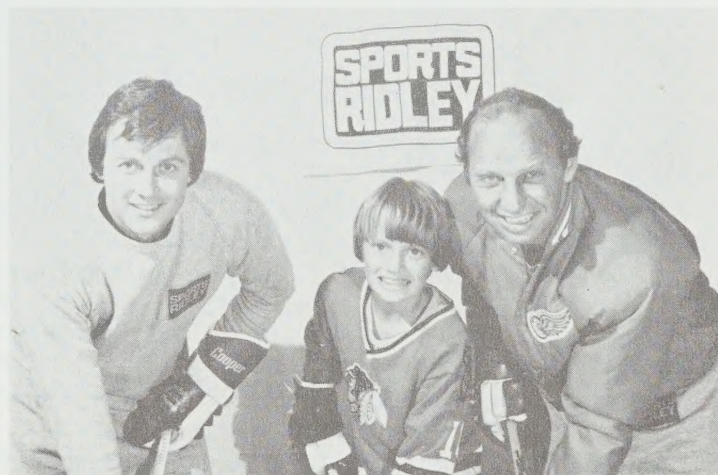

This past summer witnessed the successful launching of Sports Ridley. This is a project designed to financially benefit the School by utilizing its facilities in the summer. To this end we conducted hockey, tennis and soccer camps. A total of 250 students were enrolled in the four week programme.

Dennis Hull, ex-N.H.L. star with Chicago, Detroit and Winnipeg, was the director of the hockey programme. Working with several of the School staff Dennis offered an excellent on and off ice programme.

Sons of Alumni who attended this summer were:

William Lemon, son of Morley Lemon (57), Sandy Porter, son of H. Alex Porter (48), Marshall Sadd, who came from Edmonton, son of Tom Sadd (62), Graham Stanley, son of Bob Stanley (staff & 47), Tim & Mike, sons of Rick Coy (staff & 60), Graham Pollock son of John Pollock (55), Daniel Russell son of Ian Russell (52), David Anderson son of Bob Anderson (66).

Mike Hazell (73, and Lower School staff) directed the tennis programme. Open to boys and girls, the students improved tremendously through maximum court time, and use of ball machines and video tapes. Chris Coy, son of Rick (60) attended as did Jason Dorland (Carl Dorland-staff) David Wilson (current student) and Stephen Arroyave (current student).

Left to right: Brian A. Iggulden (67) Programme Administrator for Sports Ridley, John Hull, Sports Ridley student and Dennis Hull, Hockey Programme Director.

The soccer camp was headed by John McNeil and Jimmy Douglas. John played Division I soccer in England and Scotland and now coaches at Brock University. Jim was captain of the Canadian Olympic Team at the Montreal Olympics. Of note was the attendance of Scott Holdsworth who flew from Calgary, son of Ron (66).

The summer camp provided sons and daughters of alumni the opportunity to experience a little of what Ridley is like and to enjoy the athletic facilities, the residences and the campus as their fathers and in some cases grandfathers, did before them.

For details of next summer's sessions contact Brian Iggulden (67) through the School address or call 685-6922.

# ANNUAL REPORT OF THE FINANCIAL SUPPORT COMMITTEE FOR 1978-79

As advised in this space a year ago, on September 19, 1978, the Board of Governors approved the recommendation of the Financial Support Committee to restructure the Annual Giving Programme. As you are aware the Annual Giving programme consisted of telethons in 12 cities in Canada and the United States and one direct mailing to branches where telethons were not held. The new programme is based on a highly personalized direct mail campaign to the Ridley Family.

Prior to this year approximately 150 members of the Ridley Family have been directly involved in the Annual Giving campaign. Ridley now has 205 volunteers working very hard to accomplish the three major objectives of THE RIDLEY FUND. They are, to increase the number of annual donors, to increase the size of the individual donation and to substantially increase the amount of Annual Giving to Ridley. These goals will be accomplished with your support.

For those who, perhaps, are not aware of the changes in the Annual Giving Programme, THE RIDLEY FUND is the annual giving arm of The Ridley College Foundation and The Ridley College Scholarship Fund, Inc. The Foundation will continue to issue receipts for taxation purposes for donations made in Canada and all other countries, except the United States. As in the past, receipts for contributions made to The Ridley College Scholarship Fund, Inc. in the United States, will continue to be issued by that body.

THE RIDLEY FUND organization is headed by the Chairman of the Financial Support Committee and the Vice Chairman of the Fund is Crawford Gordon. The Ridley Family, for Annual Giving purposes, has been segregated into five groups, the Alumni, the Current Parents, the Past Parents, Friends, Corporations and Foundations.

There are 12 Group Captains, 60 Class Agents and 98 Associate Class Agents involved in the Alumni canvass. The Current Parents have been organized with a Chairman, Mr. Chris Lloyd, and with a Grade Agent for each year or grade in the School. The Past Parents have a Chairman, Mr. Kenneth C. Bunston, who is being assisted by several members of that group. Finally the Friends of Ridley, of whom there are many, are being approached directly by THE RIDLEY FUND office. This group of 205 volunteers are obviously very committed to Ridley and I wish to express my sincere gratitude to them for their interest in, and dedication to the success of this new venture.

By now you should have received the first RIDLEY FUND mailing. The committee is confident that each of us will react in a positive manner to this appeal, and indeed, assure the success of the

1979-1980 RIDLEY FUND. At the time of writing this report the early evidence is that the Ridley Family is responding in a most positive way and is continuing to shoulder its financial responsibility to the School.

Future mailings, along with individual follow-ups, are designed to remind those who have not responded to past mailings of the need for their annual contribution to THE RIDLEY FUND. Please get into the habit, if you are not already in it, and exhibit your support by mailing your contribution today.

The Annual Giving total for 1978-79 was a remarkable example of the Ridley Family's ongoing interest and concern for the welfare of the School and its members. A target of \$88,000.00 was set and that target was exceeded by 25% with the actual total contributed being \$110,494.00.

The Annual Giving total for 1978-79 was a remarkable example of the Ridley Family's ongoing interest and concern for the welfare of the School and its members. A target of \$88,000.00 was set and that target was exceeded by 25% with the actual total contributed being \$110,494.00.

The previous year's Annual Giving ('77-'78) was exceeded by 36%. Two important facts must be remembered when considering these numbers. In the first place there were a considerable number of donations from people who had completed their Program for Excellence pledges and who either were able to increase their annual donation or were able to renew it. Secondly, it must be remembered that the Dr. H. C. Griffith Winter Sports Building has been built and while the funds for that project came from a relatively small group there was a definite effect on annual giving. These facts help to account for the substantial increase in the number of donors from 1,388 in 1977-78 to 1,564 in 1978-79.

In addition to normal Annual Giving, \$31,061.00 was received for specific purposes including scholarships, special gifts and bequests. Hence Ridley was the beneficiary in 1978-79 of total financial support of \$141,555.00.

Listed on the following pages are the names of all those who have contributed to the School during the Foundation year 1978-79 (1 July 1978-30 June, 1979).

The Board of Governors, the Financial Support Committee and the members of the School join together in thanking all those who have so generously contributed to Ridley over the years and to express the hope that you will continue your annual support.

George M. Hendrie, Chairman
